

DESCRIPTION

The Grid coffee table, designed by Silva Mikelić, is a testament to minimalist elegance and functional design. Its expansive, gently rounded tabletop is supported by a robust base featuring intricate perforated details, adding a touch of sophistication to any living space. Crafted from solid wood sourced from renewable resources, the table embodies Artisan's commitment to sustainability and quality craftsmanship. An option for a solid top is available, catering to diverse aesthetic preferences. This piece seamlessly blends beauty with practicality, making it a valuable addition to contemporary.

PRODUCTION PROCESS

Tables are crafted from carefully selected, high-quality solid wood, chosen for its durability and distinctive natural grain. Each piece of wood is precisely cut and shaped to achieve clean lines and balanced proportions. Skilled artisans meticulously assemble the components using traditional joinery techniques, ensuring lasting strength and stability. Surfaces are finely sanded to enhance the wood's texture and prepare it for finishing. The final stage involves applying a chosen finish - whether natural oil, wax, or another treatment - to protect the wood and highlight its organic beauty. The result is a versatile, handcrafted table that seamlessly blends functionality with timeless design.
