

DESCRIPTION

Lakri round table combines a soft circular tabletop with a striking base design. The sharply angled legs form a sculptural structure that both supports and defines the table's character. Positioned slightly inward from the edge, the legs create an open and airy space around the table, allowing for comfortable seating and movement. The stable yet elegant form makes Lakri not only functional but also a central visual element in any room. Its circular shape encourages interaction and creates a warm, inviting atmosphere - ideal for gatherings, shared meals, or conversations. The Lakri round table is a perfect balance of solid craftsmanship and refined aesthetics.

PRODUCTION PROCESS

Tables are crafted from carefully selected, high-quality solid wood, chosen for its durability and distinctive natural grain. Each piece of wood is precisely cut and shaped to achieve clean lines and balanced proportions. Skilled artisans meticulously assemble the components using traditional joinery techniques, ensuring lasting strength and stability. Surfaces are finely sanded to enhance the wood's texture and prepare it for finishing. The final stage involves applying a chosen finish - whether natural oil, wax, or another treatment - to protect the wood and highlight its organic beauty. The result is a versatile, handcrafted table that seamlessly blends functionality with timeless design.
