

DESCRIPTION

The Lasta console table is part of a collection that exudes strength, durability, and timeless elegance. Named after the swallow (“Lasta” in Bosnian), the design captures the bird’s graceful essence, symbolizing lightness and movement. The console’s standout feature is its distinctive wooden fronts, where precisely shaped grooves form a flowing pattern that resembles a swallow’s wings in flight. These sculpted lines add depth and texture, emphasising the natural beauty of the wood and creating a dynamic interplay of light and shadow. With its solid construction and rich, organic character, the Lasta console table seamlessly blends functionality and artistry, making it a striking addition to any space. Like the rest of the Lasta collection, it’s a testament to thoughtful design and enduring craftsmanship.

PRODUCTION PROCESS

Tables are crafted from carefully selected, high-quality solid wood, chosen for its durability and distinctive natural grain. Each piece of wood is precisely cut and shaped to achieve clean lines and balanced proportions. Skilled artisans meticulously assemble the components using traditional joinery techniques, ensuring lasting strength and stability. Surfaces are finely sanded to enhance the wood’s texture and prepare it for finishing. The final stage involves applying a chosen finish - whether natural oil, wax, or another treatment - to protect the wood and highlight its organic beauty. The result is a versatile, handcrafted table that seamlessly blends functionality with timeless design.
