

DESCRIPTION

The Lasta lowboard, part of a collection that exudes strength, durability, and timeless elegance. Named after the swallow (“Lasta” in Bosnian), the design captures the bird’s graceful essence, symbolizing lightness and movement. The console’s standout feature is its distinctive wooden fronts, where precisely shaped grooves form a flowing pattern that resembles a swallow’s wings in flight. These sculpted lines add depth and texture, emphasising the natural beauty of the wood and creating a dynamic interplay of light and shadow. With its solid construction and rich, organic character, the Lasta lowboard seamlessly blends functionality and artistry, making it a striking addition to any space.

PRODUCTION PROCESS

The sideboards, lowboards and cabinets are crafted from solid wood, carefully chosen to showcase the natural grain and texture. Precisely cut and shaped, each piece features clean lines, perfectly fitted joints, and sturdy construction for long-lasting durability. Surfaces are hand-sanded and finished to protect the wood and enhance its organic beauty. High-quality hardware ensures smooth, silent door and drawer operation, while select designs feature sculpted fronts or integrated handles that highlight Artisan’s craftsmanship. Available in various styles and finishes, these sideboards blend timeless elegance with functionality, making them a versatile addition to any space.
