

W 90, 140, 160, 180, 200 D 200 CM
WITHOUT DRAWERS AND WITH REGULAR HEADBOARD

DESCRIPTION

The Latus bed is a sophisticated and timeless piece of furniture, designed to offer both comfort and style. With its minimalist aesthetic, it features a sturdy frame crafted from high-quality wood. The clean lines and elegant proportions create a calming, modern atmosphere in any bedroom. Thoughtful details, like subtly rounded edges and a low profile, ensure that the Latus bed becomes a beautiful focal point in any space. It offers the perfect balance between form and function, providing a restful and luxurious sleep experience.

PRODUCTION PROCESS

Production begins with the careful selection of premium, sustainably sourced wood. The wood is precisely cut and shaped using advanced machinery to ensure accuracy and clean lines. Skilled artisans then assemble the bed frame using traditional joinery techniques, ensuring strength and stability. Once the frame is complete, the wood is hand-sanded to smooth perfection, and natural oils or finishes are applied to highlight the wood’s texture and provide protection. The bed’s structure is tested for durability before being assembled with the headboard and slats. Finally, the bed is carefully packaged, ensuring it arrives in perfect condition, ready to enhance any bedroom with its understated elegance and comfort.
