

DESCRIPTION

An ongoing flow of soft lines defines elegant units; it respects ergonomics and sophisticatedly rounds off an understated yet identifiable aesthetics. Like typeface, certain elements reappear in variations of clearly defined hallmark traits, characteristic strokes whose soft wood lines trace out the desired form, adapting themselves to the use by altering the line flow. Seating furniture variations are completed with practical cabinets, all subtly connected by a common aesthetic with a chance of creating a pleasant ambience out of similar elements. Thanks to their unobtrusive beauty, the elements from the Neva collection gracefully fit in already established interiors and adapt themselves to them, refining them while never losing their distinction.

PRODUCTION PROCESS

The Neva bench is handcrafted with soft, flowing lines that balance solid wood and upholstery. High-quality, sustainably sourced hardwood is precisely cut with CNC technology and hand-finished to smooth every curve and highlight the wood's natural beauty. The bench is assembled with advanced joinery for lasting stability, featuring a gracefully curved wooden backrest that adds both support and sculptural elegance. The seat is upholstered with high-resilience foam and covered in premium fabric or leather, carefully fitted with precise stitching for comfort and refinement. Finally, the entire piece is hand-sanded and treated with a protective finish, resulting in a timeless bench where natural materials and thoughtful craftsmanship come together seamlessly.
