

DESCRIPTION

Neva chair is one of Artisan’s most celebrated pieces. Recognised for prestigious awards such as the Interior Innovation Award, German Design Award Nominee, and Design Intelligence Award, the Neva Chair exemplifies a captivating blend of fluid design. Its exquisite form emerges through a seamless fusion of soft, angular edges and transitions, while the tilted and arched backrest gracefully merges with the armrests, forming an uninterrupted line that elegantly extends into the front legs. Its timeless profile adapts to a wide range of interiors, from formal dining rooms to relaxed hospitality settings. Explore its versatility further with a choice of solid wood frames in a range of species, and upholstery options in leather or fabric, allowing you to curate the perfect seating solution for your space.

PRODUCTION PROCESS

The chair parts are made of solid wood pieces of the same length but different widths, with precisely crafted joints on CNC machines. Each piece is chosen through careful matching of wood colors and structures. The upholstered seats are covered with HR foam and upholstery for superior comfort. Certain chair collections are produced using a special wood bending technology. The technical parameters of hand-assembled chairs comply with standard requirements. Final sanding is done manually with fine-grained sandpaper, and various types of finishes enable a wide selection of the chair’s final appearance.
