

DESCRIPTION

The Thor daybed extends the collection’s philosophy of strength, comfort, and minimalist sophistication. Combining solid wood craftsmanship with a thoughtfully upholstered surface, Thor offers a generous space for rest, reflection, or casual seating. Two cushions, designed specifically for the daybed, enhance comfort and add subtle elegance to the overall composition. Its pure, structural design emphasizes honest materials and flawless detailing, while the soft, inviting mattress and cushions contrast beautifully with the bold wooden frame. Designed with balance and proportion in mind, the Thor daybed embodies Artisan’s philosophy of creating timeless pieces where functionality meets enduring beauty.

PRODUCTION PROCESS

The Thor daybed is carefully handcrafted to balance strength and elegance. High-quality, sustainably sourced hardwood is precisely cut with CNC technology, then hand-finished to smooth every surface and highlight the natural grain. The frame is assembled with traditional joinery, ensuring lasting stability. The seat is upholstered with high-resilience foam and covered in premium fabric or leather, expertly tailored for comfort and a refined finish. Finally, the wood is treated with a protective coating, enhancing its durability and timeless appeal. The result is a beautifully crafted bench where natural materials and skilled craftsmanship come together seamlessly.
