DESCRIPTION

The Torsio table gets its name from the word “torsion,” reflecting its unique design where the legs and tabletop appear as if they are twisted or “torqued” in a continuous motion. This innovative design creates a dynamic, sculptural effect that adds movement and visual interest to the piece. The base, with its angular lines and smooth curves, evokes a sense of fluidity, while the 4 cm thick tabletop rests elegantly atop, completing the bold and modern aesthetic. Designed to captivate, the Torsio table embodies both strength and grace, bringing a contemporary and artistic touch to any dining space.

PRODUCTION PROCESS

Tables are crafted from carefully selected, high-quality solid wood, chosen for its durability and distinctive natural grain. Each piece of wood is precisely cut and shaped to achieve clean lines and balanced proportions. Skilled artisans meticulously assemble the components using traditional joinery techniques, ensuring lasting strength and stability. Surfaces are finely sanded to enhance the wood’s texture and prepare it for finishing. The final stage involves applying a chosen finish - whether natural oil, wax, or another treatment - to protect the wood and highlight its organic beauty. The result is a versatile, handcrafted table that seamlessly blends functionality with timeless design.
