All technical features stated in leaflets, in master brochure and in understanding of this products are meant to be an indication of an average of figures stated within a square meter based on international tests in normal conditions. Therefore a slight discrepancy in result is typical of a certain margin of variation in these figures exposed for non-absolute precision. All tiles are produced in accordance with the current regulations. Any possible information about weights, measures, dimensions, colors, shades and other data is indicated throughout the literature present in this brochure. For assistance the effect of shaded elements is recommended to lay the material by photographically taking it from different angles. When laying each tile product it is recommended to use a soft backing from present with joints of max 1mm (1/16 inch) g. g., and not be responsible for defects resulting from the incorrect laying of material. TOLLIERE S.p.A. reserves the right to modify the technical information reported. The colors and aesthetic features of the products are approximate, as it is not possible to reproduce them faithfully on paper.
