THE PLEASURE OF COLOURS

Interior fun.

FUN, when the lacquered becomes fun.

The FUN collection is the newest reply to the repetitiveness of everyday life.

The originality of the colours, daring and lively, and the variety of the shapes let FUN suit simple and essential rooms, inspired to a taste never out-of-date.

Model 270 can be done in the engraved version A and in the engraved version B, regarding the opening systems with one leaf (1A). The (engraved) drawing of models 270A and 270B will always be identical, not mirrored, on both sides. The double-leaf version (2A) is named as 270C and includes one leaf 270A plus another leaf 270B, in order to combine each other and create on both sides a “semicircle” made up of many circles arranged as an halo.
