

Meridiano | Marble Sideboard

The Meridiano Sideboard is a contemplation on the polarities in Nature. North and south, earth and water, gravity and air, these poles coexist with seemingly impossible harmony. Intricate in design, its top and foundation standing in purposeful equilibrium, the Meridiano emanates magnetic character. The marble front, top and sides are the framing devices for two doors and three large drawers, in lacquer, made to keep objects of cardinal substance to a living space.
